To The Class of 1980.

The Class of 1980 holds a unique distinction. They will graduate at the beginning of a decade which many historians believe will have a momentous and profound influence on mankind, in fact, some pessimists feel that the Eighties will determine whether or not man will survive for long on this planet. I have more faith than that, and you are part of that faith, for you will play a major part in proving such predictions wrong. I believe that our scientists will bring about cures for diseases that are daily killing man. I believe that our technologists will give us new sources of energy. I believe that our writers will soon sing songs of praise for mankind. I believe our craftsmen will once again be proud to work with their hands. I believe in the Class of 1980 and believe that you all will help make the Eighties another Age of Enlightenment. Best Wishes

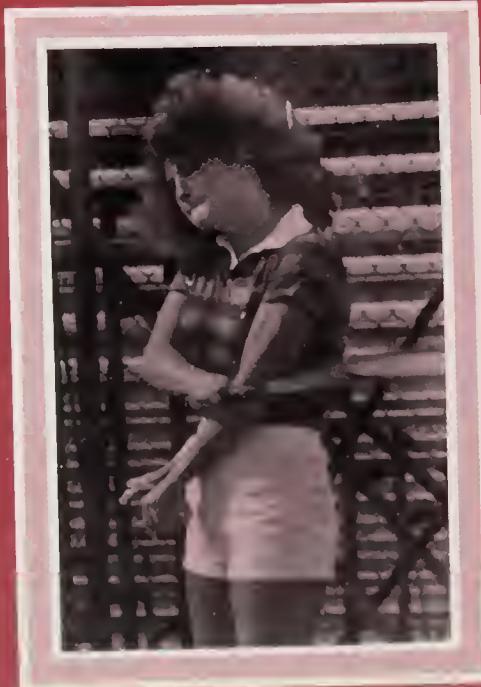

Dr. William C. Copiotti

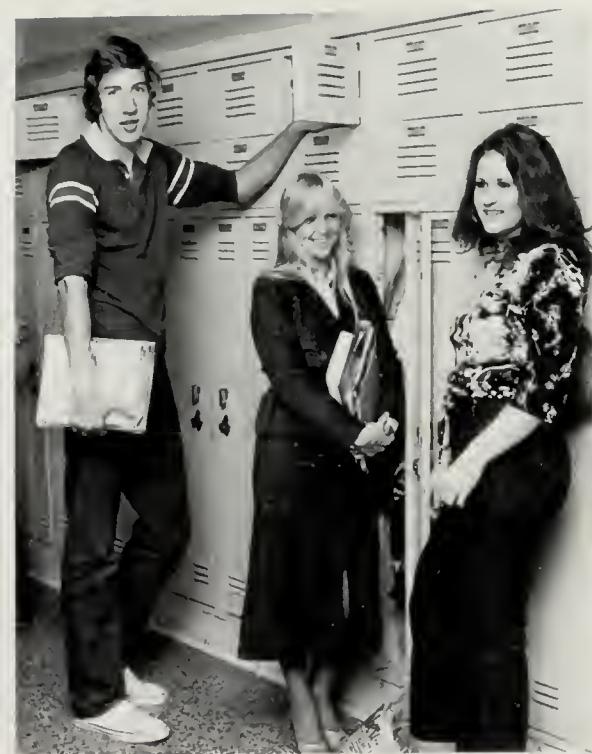

### Silently Thinking of You, My Love

Tender words can only express  
thoughts of you,  
blossoming from an inner happiness,  
on inner peace within a blue marble skyline  
bursting with sunrise.

To watch travelling tears of love  
rolling from your entrancing eyes,  
descending onto your preciously soft lips,  
glistening with special hopes and fantasies,  
arouses my senses and mellows my soul.

Forthcoming from an ocean of joy,  
undulating curls of water and spray,  
of love in unison  
with the sun over our heads  
like a distant sound.  
A far away tone,  
a lingering chord in galactic spaciousness,  
one heavenly ray touching down lightly,  
brilliant with the light of day,  
and the warmth of life.

Rob Florio

# RUGBY

It has often been said that what happens after a game of Rugby is more important than what happens on the field. The noise which comes out of a Rugby clubhouse on Saturday Night has little in common with the world of Johnny Tremante and Barry Kaplan. When you put all this together you will have happiness in every loose ruck. If all the Rugby players were the marrying kind, there would be no team. We'll always remember The England Tour 1980.

# The Student Center.

Going to McDonald's® is almost as much a part of school as going to class. You've made us the place to meet, to talk, to have a good time, to celebrate your victories and help forget defeats.

You've made McDonald's more than just another place to eat.

And that's why, at McDonald's, Newtown Square, we wish each of you good health and much success.

Newtown Square

Behind her, a man in a suit and tie is looking at a display of meat. The background is a blurred image of a market scene. Text on the image includes "Colonial Village", "MEAT MARKET", "SPECIALIZING IN SERVICE", "Choice and Prime Meats", "ST. ALBANS CIRCLE", "NEWTON SQUARE", "35-3014 • 3-4015", and "Deli Imported Deli Meats".
